

COMPLETE SURFACE PROTECTION

COUNTER TOPS, WINDOWS & HVAC

PROTECTIVE FILM FOR COUNTER TOPS

Keep counters protected from scratches and stains on your next jobsite. This blue tinted film is easy to install and remove. Perfect for use during fabrication, shipping, delivery, installation and after installation to keep the countertops looking new until all work is completed.

Item #	Case	Size
88124	1	24" x 600'

PROTECTIVE FILM FOR WINDOWS

Protect both window glass and panes during installation, painting, construction, stucco application, remodeling and demolition. This self-wound film is perfect for both indoor and outdoor jobs, and is easy to apply and remove without leaving a tacky residue. Reduces cleaning and scraping at the completion of the construction process, saving you time and money.

Item #	Case	Size
BLUE		
88024	1	UV Resistant, 60 days 24" x 600'
88028	1	UV Resistant, 30 days 24" x 600'
88030	1	UV Resistant, 30 days 36" x 600'
CLEAR		
88021	1	UV Resistant, 60 days 21" x 600'
88026	1	UV Resistant, 60 days 24" x 600'

PROTECTIVE FILM FOR HVAC

Provide temporary closure to open ductwork with easy to use HVAC film. Can be applied quickly and efficiently without the need for tape, strapping or banding. This self-wound blue film is highly conformable and puncture-resistant.

Item #	Case	Size
