CONE STRAINERS

STRAIN LIKE A PRO

FAST + CLEAN EVERY TIME

Trimaco SuperTuff™ Cone Strainers are ideal for removing unwanted dust and other impurities from paint. Now made with synthetic mesh instead of cotton, this means more accurate pore sizes, better filtration and purification of paint, and faster straining. Medium mesh strainers work on latex or oil based paints, and fine mesh cone strainers are especially suited for all lacquers and enamels. New Extra Fine Mesh and Super Fine Mesh are designed especially for base coat or clear coat finishes, but also provide superior painting for all paints, including water-based. See the chart below for available mesh sizes.

CLEAN, PURE POLYESTER MESH

CONTAINS NO LOOSE FIBERS OR PARTICULATES

MORE ACCURATE PORE SIZE

BETTER FILTRATION AND PURIFICATION OF PAINT

FASTER STRAINING

NEW STAND! LESS MESSY, EASY TO POUR

Item #		Pack	Size
11101	Bag Cone Strainers – 4ct	25	Medium Mesh / 226 Microns
