

DAMAGED CORNERS? NEVER AGAIN.

Plastic and stainless steel corner guards help maintain the appearance and integrity of walls in busy environments. Ideal for commercial settings such as hospitals, restaurants, airports, and offices, these guards offer a practical solution for preventing surface wear. Plastic options, including clear PETG and beige PVC, are available with self-adhesive or nail-on installation for easy application. Stainless steel corner guards provide a clean, professional finish and are available in both 304 and 430 grades. All models feature a standard 90° angle for a consistent and secure fit.
