# DUPONT™ TYVEK® DUAL

DuPont™ Tyvek® fabric on the front  
DuPont™ ProShield® fabric on the back

## TYVEK® 400 D (DUAL) COMFORT COVERALLS

- Tyvek® Dual garments provide an ideal balance of comfort, durability & protection for workers
- Comfort fit design helps enable a greater range of movement
- Designed for very specific applications where demanding comfort requirements are combined with limited protective requirements for frontal exposures
- Well suited for workers who are involved in a variety of strenuous activities that can lead to heat stress in applications that include:
  - + Wind Turbines
  - + Composites Manufacturing
  - + Boat Manufacturing
  - + Utilities
  - + Maintenance & Remediation
  - + Glass Manufacturing

Warning: The customer must determine if this garment is suitable for their specific task. Please see garment label for proper use instructions. There are some uses for which this garment is not appropriate. For adequate protection, please use with goggles, respirator and gloves.

\*Warning: Tyvek® garments are not flame-resistant and should not be used around heat, flame, sparks or in potentially flammable or explosive environments.

DuPont™ Tyvek® coveralls can be considered for use with the appropriate respirators and other suitable PPE to minimize contact with isocyanate paint aerosols. Tyvek® garments are not appropriate if they are getting wet (paint is dripping or running, or wet to the touch) or if spotting is observed on skin or garments worn under the coveralls.
