Ultra Heavy Duty Surface Protection

Trimaco's X-Board® Pro delivers serious surface protection for demanding jobs, whether you're working in a high-end home or on a busy commercial site. 5X thicker than standard builder's paper, it features built-in impact resistance that stands up to heavy traffic and keeps performing long after others give out. A pre-scored edge makes folding fast and easy, helping keep baseboards clean and protected. Made from recycled materials and made in the USA. Protect like a pro—with X-Board® Pro from Trimaco.
